WIOA Performance Accountability System

WIOA PARTNERS MEETING

SEPTEMBER 29, 2016

Background

- WIOA was signed into law on July 22, 2014
- Amends/reauthorizes four program
 - Workforce Investment Act of 1998
 - Adult Education and Family Literacy Act
 - Wagner-Peyser Act of 1933
 - Rehabilitation Act of 1973

WIOA Key Change - Alignment

- Aligns Federal investments to support job seekers and employers
 - Unified strategic planning across core programs at State level;
 - Plans include strategic vision and goals for preparing an educated and skilled workforce and meeting needs of employers;
 - Unified plan must address a State's strategy for engaging community and technical colleges as partners in workforce system.

WIOA Key Change – Serving Vulnerable Workers

- Includes a new definition for individuals with a barrier to employment.

- The term “individual with a barrier to employment” means a member of 1 or more of the following populations:
 - (A) Displaced homemakers,
 - (B) Low-income individuals,
 - (C) Indians, Alaska Natives, and Native Hawaiians,
 - (D) Individuals with disabilities, including youth who are individuals with disabilities,
 - (E) Older individuals,
 - (F) Ex-offenders,
 - (G) Homeless individuals,

WIOA Key Change – Serving Vulnerable Workers (cont.)

- (H) Youth who are in or have aged out of the foster care system,
- (I) Individuals who are English language learners, individuals who have low levels of literacy, and individuals facing substantial cultural barriers,
- (J) Eligible migrant and seasonal farmworkers, as defined in section 167(i),
- (K) Individuals within 2 years of exhausting lifetime eligibility under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.),
- (L) Single parents (including single pregnant women),
- (M) Long-term unemployed individuals,
- (N) Such other groups as the Governor involved determines to have barriers to employment.

WIOA Key Change - Performance

- Establishes common performance measures and encourages common data systems across core programs
 - Six primary indicators of performance to be negotiated with each State by Secretaries of Education and Labor as part of the Unified State plan.
 - States negotiate performance levels with local areas.
 - Indicators include employment-related outcomes, credential attainment and measurable skills gain. Performance goals reflect economic conditions and participant characteristics.

Purpose of WIOA Performance Accountability Measures

- Establishes performance accountability measures that apply across the core programs to assess the effectiveness of States and local areas in achieving positive outcomes for individuals served by those programs.
- The performance accountability system is critical in assessing the effectiveness of programs, with the goal of ensuring that individuals served attain the skills needed to succeed in the 21st century economy.

Arkansas Department
of Workforce Services

WIOA Core Programs

WIOA MEASURES ARE APPLICABLE TO ALL CORE PROGRAMS

- Title IB: Adult Program
- Title IB: Dislocated Worker Program
- Title IB: Youth Program
- Title II: Adult Education Family Literacy Act
- Title III: Wagner-Peyser Employment Services
- Title IV: Vocational Rehabilitation

Arkansas Department
of Workforce Services

WIA vs. WIOA Performance

TITLES I-IV

WIA (TITLES IB & III)

Entered Employment 1st Qtr. After Exit
Employ. Retention 2nd and 3rd Qtr. After Exit
Six Months Ave. Earnings 2nd and 3rd Qtr. After Exit

Placement in Employ/Educ. 1st Qtr. After Exit Attainment of Degree or Certificate by 3rd Qtr. After Exit; Literacy Numeracy Gains (Youth Programs)

AEFLA (Title II)

Educational Gain

Entered Employ. 1st Qtr. After Exit

Retained Employ. 3rd Qtr. After Exit

Obtained GED or Secondary School Diploma

Entered Post-Sec. Educ. Or Train.

VR Title IV

Number Employed

Rehab Rate

Competitive Employment

Significantly Disabled

Ave. Hourly Wages vs. State Wage Ave.

Primary Source of Support

WIOA Primary Indicators of Performance

Employment 2nd Qtr. After Exit

Employment 4th Qtr. After Exit

Median Earnings

Credential Attainment Rate

Measurable Skills Gain

Employer Measure

Arkansas Department
of Workforce Services

Performance Reporting Information Collection Requests (ICRs)

- The Departments of Labor and Education have developed joint regulations for performance, applicable across core programs, and released ICRs.
- Department of Labor has developed program-specific ICRs for various DOL programs.
- Department of Education has developed program-specific ICRs for Adult Education and Family Literacy Act (AEFLA) and Vocational Rehabilitation Services (VR).

Performance Reporting

- States must begin the process of collecting data for WIOA performance on July 1, 2016.
- The WIOA Common Performance Reporting system requires the use of the Participant Individual Record Layout (PIRL).
- DOL and DOE anticipate that States' PY16 data, due in October 2017, may be incomplete. Full information on outcomes may not be available for all indicators until 2018.

Alignment Across Programs

- Attempts were made to align definitions across the core programs.
- The terms “reportable individual” and “participant” were revised to improve compatibility.
- However, the distinction between these two terms are used only for the purpose of performance and has no impact upon the eligibility for services.

Arkansas Department
of Workforce Services

Who is a Reportable Individual?

A reportable individual:

- Is someone who has taken action that demonstrates an intent to use program services, and
- Meets specific program criteria for reporting, which may include:
 - Provision of self-identifying information,
 - The use of self-service system, or
 - Receives information-only services or activities.

Reportable individuals are not included in performance calculations for primary indicators.

Arkansas Department
of Workforce Services

Who is a Participant?

A participant:

- Is a reportable individual
- Satisfies all applicable programmatic requirements for the provision of services, such as eligibility determination
- Has received staff-assisted services
- Has received vocational rehabilitation services under a signed individualized plan for employment (VR-only)

Participants must be included in performance calculations.

Arkansas Department
of Workforce Services

Who is Not a Participant?

The definition of “a participant” does not include:

- Individuals who only use self-service
- Individuals who receive “information-only” services or activities
- Individuals in an AEFLA program who have not completed at least 12 contact hours.
- Individuals with disabilities who receive pre-employment transition services without having applied or been determined eligible for the VR Program.

Arkansas Department
of Workforce Services

Defining Participants (Titles I-IV)

Title I: WIOA Adult Program

Title I: WIOA Dislocated Worker Program

Title I: WIOA Youth Program

Title II: AEFLA Program

Title III: Wagner-Peyser Employment Services

Title IV: Vocational Rehabilitation Program

Information as of: 11/03/2015

adws

Arkansas Department
of Workforce Services

What is an Exit?

An “Exit” is generally the last date of service for all core programs, except Vocational Rehabilitation. VR considers an exit to be the date of case closure.

The “last date of service” means the individual has not received any services for 90 days and no future services are planned.

For the purpose of this definition, “services” does not include self-service, information-only activities, or follow-up activities.

In order to determine if an Exit is appropriate, States will retroactively determine if 90 days have passed without services and no future services are scheduled.

Arkansas Department
of Workforce Services

Periods of Participation and General Performance Accountability

- Generally, WIOA provides that States/Programs are accountable for performance outcomes for each Period of Participation.
 - This relates to outcomes only. Participants Served counts are unduplicated across the PY so that each Participant only counts once no matter how many Periods of Participation they have during the PY.
 - A single individual with multiple “periods of participation” in a single program year will be counted multiple times in that program year’s performance outcomes.

Periods of Participation and General Performance Accountability

- This also means that States/Programs will be accountable for the Exit-based outcome measures nearly every time a Participant Exits on the following measures (even if the person exits more than once during the reporting period):
 - Employed 2nd Quarter
 - Employed 4th Quarter
 - Median Earnings 2nd Quarter
 - Credential Rate (for those who were at the 9th grade level)

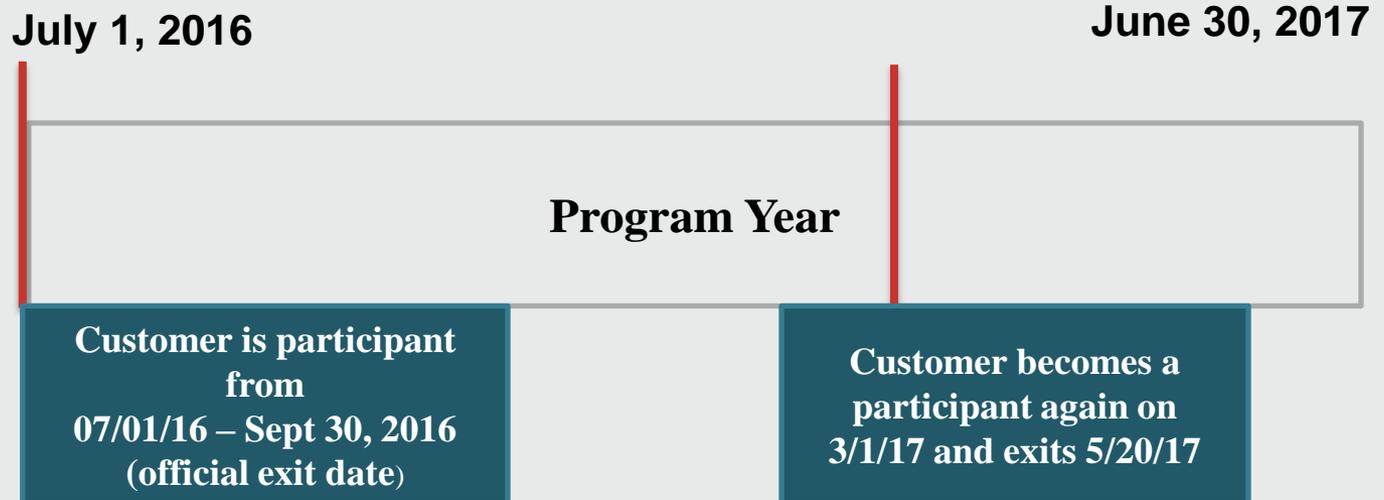

- There are limited circumstances in which a Participant would be removed from performance including if at exit or during the 4 quarters that follow, the Participant was deceased, institutionalized, hospitalized for a period expected to last more than 90 days, or recalled to active military duty for a period expected to last longer than 90 days.

Periods of Participation During a Program Year

It is possible for single Participant to have more than one Period of Participation within a year.

- **Example:**

Federal Common Performance Measures

- Number Served
- Number Exited
- Funds Expended
- Employment Rate
- Median Earnings
- Credential Attainment Rate
- Measurable Skills Gain
- Effectiveness in Serving Employers

Arkansas Department
of Workforce Services

Employment Rates – 2nd and 4th Qtr.

Percentage of program participants who are in unsubsidized employment during the **second quarter** after exit from the program.

Percentage of program participants who are in unsubsidized employment during the **fourth quarter** after exit from the program.

Arkansas Department
of Workforce Services

Employment Rates – 2nd and 4th Qtr. (Not A Retention Rate)

- Under WIA, a retention measure based on individuals who were employed in the first quarter after exiting from WIA services, and who were also employed in the second and third quarters.
- WIOA does not have an equivalent to the WIA retention measure.
- Instead, WIOA requires a second—separate and distinct—employment indicator for the fourth quarter after exit, which measures the employment rate in that quarter, regardless of whether those participants also were employed in the second quarter after exit from the program.

Arkansas Department
of Workforce Services

Median Earnings

Median earnings of program participants who are in **unsubsidized employment** during the **second quarter** after exit from the program.

The Departments of Labor and Education supported the use of median earnings rather than average (mean) earnings used under WIA, noting that averages can be skewed by a few numbers.

Arkansas Department
of Workforce Services

Credential Attainment Rate

- Percentage of program participants who obtain a recognized postsecondary credential, or a secondary school diploma or its recognized equivalent during participation in or within 1 year after exit from the program.
- plus the number of participants who exited that were in a secondary education program and who obtained a secondary education diploma or its equivalent during the program or within one year after exit AND who were also employed or enrolled in an education or training program leading to a recognized postsecondary credential within one year after exit.
- Divided by the number enrolled in these activities

Measurable Skills Gain

Percentage of program participants who, during a program year, are in an education or training program that leads to a recognized postsecondary credential or employment and who are achieving measurable skill gains toward such a credential or employment.

Measurable skills gains must be documented as:

- 1) educational functional level gain;
- 2) secondary diploma or equivalent;
- 3) secondary/postsecondary transcript/report card;
- 4) training milestone; or
- 5) skills progression.

Arkansas Department
of Workforce Services

Measurable Skills Gain - Documentation

Depending upon the type of education or training program, documented progress is defined as one of the following:

- Documented achievement of at least one educational functioning level of a participant who is receiving instruction below the postsecondary education level;
- Documented attainment of a secondary school diploma or its recognized equivalent;
- Secondary or postsecondary transcript or report card for a sufficient number of credit hours that shows a participant is meeting the State's unit academic standards;

Arkansas Department
of Workforce Services

Measurable Skills Gain - Documentation (cont.)

- A satisfactory or better progress report towards established milestones, such as completion of an OJT, or one year of an apprenticeship program or similar milestone, from an employer or training provider who is providing training, or
- Successful passage of an exam that is required for a particular occupation, or progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge-based exams.

Employer Measure – Effectiveness in Serving Employers

Employer Penetration Rate – The total number of establishments that received a service or other assistance as a percentage of the total number of establishments within the area; or

Repeat Business Customers – Total number of establishments that continue to receive services and who utilize a service in the previous three years as a percentage of the total unique business customers who have received a service in the last three years.

Arkansas Department
of Workforce Services

Employer Measure – Effectiveness in Serving Employers Continued

Also eventually will include:

- Employer Information and Support Services
- Workforce Recruitment Assistance
- Engaged in Strategic Planning/Economic Development
- Accessing Untapped Labor Pools
- Training Services
- Incumbent Worker Services
- Rapid Response/Business Downsizing Assistance
- Planning Layoff Response

Arkansas Department
of Workforce Services

Performance Negotiations – Core Programs (DOL)

- Department of Labor concluded negotiations with States on August 15, 2016 for PY16 and PY17 for:
 - WIOA adult
 - WIOA dislocated worker
 - WIOA youth

Final Performance Levels for WIOA and WP

Performance Levels for WIOA and WP State of Arkansas

	PY 2016	PY 2017
WIOA Adult		
Employment Rate 2 nd quarter after exit	82.5%	82.5%
Employment Rate 4 th quarter after exit	78.0%	78.0%
Median Earnings in the 2 nd quarter after exit	\$5,842	\$5,842
Credential Attainment Rate	75.3%	75.3%
WIOA Dislocated Worker		
Employment Rate 2 nd quarter after exit	77.0%	77.0%
Employment Rate 4 th quarter after exit	74.5%	74.5%
Median Earnings in the 2 nd quarter after exit	\$6,400	\$6,400
Credential Attainment Rate	75.0%	75.0%
WIOA Youth		
Education or Training Activities or Employment in the 2 nd quarter after exit	75.0%	75.0%
Education or Training Activities or Employment in the 4 th quarter after exit	71.2%	71.2%
Credential Attainment Rate	70.0%	70.0%
Wagner-Peyser		
Employment Rate 2 nd quarter after exit	65.5%	65.5%
Employment Rate 4 th quarter after exit	67.0%	67.0%
Median Earnings in the 2 nd quarter after exit	\$4,500	\$4,500

Performance Negotiations – Core Programs (DOE)

The Department of Education’s Office of Career, Technical, and Adult Education Program Memorandum OCTAE 16-2:

- For the AEFLA program, States were required to negotiate levels of performance for only the measurable skill gain indicator. The remaining five performance indicators are considered “baseline” for PY16 and PY17.
- States proposed an expected level of performance for the measurable skill gain indicator informed, as appropriate, by its historical data on educational functioning level (EFL) completion
- For Vocational Rehabilitative Services, the Department of Education is using its transition authority to take the time necessary to implement a negotiation process.

PY2016-17 Negotiated Performance Levels

Arkansas's PY2016/2017 Negotiated Performance Levels

Indicator/ Program	Title II Adult Educ.	Title IV Rehab Services	Title I Adults	Title I Dislocated Workers	Title I Youth	Title III Wagner- Peysers	Average Indicator Score
Employment 2 nd Qtr. after exit	Baseline	Baseline	82.5%/ 82.5%	77.0%/ 77.0%	75.0%/ 75.0%	65.5%/ 65.5%	1
Employment 4 th Qtr. after exit	Baseline	Baseline	78.0%/ 78.0%	74.5%/ 74.5%	71.2%/ 71.2%	67.0%/ 67.0%	2
Median Earnings 2 nd Qtr. after exit	Baseline	Baseline	\$5,842/ \$5,842	\$6,400/ \$6,400	Baseline	\$4,500/ \$4,500	3
Credential Attainment	Baseline	Baseline	75.3%/ 75.3%	75.0%/ 75.0%	70.0%/ 70.0%		4
Measurable Skills Gain	Negotiated	Baseline	Baseline	Baseline	Baseline		5
Effectiveness in Serving Employers	Baseline	Baseline	Baseline	Baseline	Baseline	Baseline	6
Average Program Score (90%)	7	8	9	10	11	12	

- States must collect and report on all primary indicators of performance, including those that have been designated as “baseline.”
- The actual performance data reported by States for the “baseline” indicators in the first two years of implementation will serve to support future negotiations.
- OCTAE will negotiate with States for Title II – AEFLA programs, and RSA will negotiate with States for the Title IV – Vocational Rehabilitation programs.

How will we get the data?

- Extracts from the data systems currently used by the core programs.
- Use the State's workforce longitudinal database creator of the Arkansas Research Center to conduct data matches for employment and credential related measures until an integrated system is available.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.

Arkansas Department
of Workforce Services

Performance Failure Defined

In §677.190, WIOA establishes two thresholds for performance failure. For the State, a performance failure occurs when:

- a) Any overall State program score or overall state indicator falls below 90% for any program year; or
- b) Any State individual indicator fall below 50% for any program year.

(Note: It does not matter which of the six WIOA Core Programs fail)

- Sanctions will be applied to the State if, for two (2) consecutive years, the State fails to meet 90% of the overall State program score, 90% of the overall State indicator score, or 50% on any individual indicator score for the same program or indicator.

Performance Sanctions

- **How Can a Sanction Occur?**
 - A **5 percent sanction** of the Governor's reserve is applied if a state either:
 - **fails to report** in any given program year; or
 - **fails to meet adjusted levels of performance** for 2 consecutive program years.

- Technical assistance is provided to states for any year they fail to meet adjusted levels of performance.

Performance Improvement Plan (PIP)

- In all instances where the state performance improvement plan is required by the Secretaries of Labor and Education, the specific program(s) identified as failing to meet their adjusted levels of performance will provide to the Arkansas Workforce Development Board a Performance Improvement Plan (PIP).
- This plan must be submitted using a PIP template approved by the Arkansas Workforce Development Board.

Effectiveness of WIOA's Core Programs

- The WIOA data collection formats permit the Departments to –
 - evaluate program effectiveness,
 - monitor compliance with statutory requirements,
 - analyze participant activity, and
 - comply with OMB efforts to streamline Federal performance reporting
