

Serving Arkansas's Youth under WIOA

September 30, 2016

Group Table Discussion Questions

Question 1: Integrated Service Delivery

WIOA outlines a broader youth vision that supports an integrated service delivery system and provides a framework through which states and local areas can leverage other Federal, state, local, and philanthropic resources to support IS (In-school) and OSY (out-of-school) youth. How can your program assist in the development of this integrated service delivery system.

Question 2: Available Supportive Services for Youth

Many OSY experience a great need for supportive services in order to successfully complete workforce preparatory activities. Can your program provide any supportive services? If so, which services can your program provide? What other resources are available outside of the WIOA funded programs that should be incorporated into service delivery for youth?

Question 3: Overcoming Challenges

What challenges do you see for implementing an integrated service delivery system for youth? How might you overcome these challenges?
