

**DEPARTMENT OF WORKFORCE SERVICES
ISSUANCE PY 10-07**

Artee Williams, Director

March 17, 2011

TO: Local Workforce Investment Areas/Service Providers

SUBJECT: Federal Re-allotment of Workforce Investment Act (WIA) Title I Formula-Allotted Funds for Dislocated Worker Activities

1. **Purpose:** To provide local workforce investment areas (LWIAs) with adjusted funding levels for PY 2010 allocations for the dislocated worker (DLW) program as a result of the United States Department of Labor's (DOL) recapture and re-allotment of DLW funds under WIA Title I Section 132(c) on recapture and re-allotment. The adjustment will be made to the FY 2011 advance portion of your PY 2010 allocations, which were issued in October of 2010.
2. **General Information:** In the FY 2010 Appropriations Act, Congress appropriated WIA PY 2010 funds in two portions: 1) funds available for obligation July 1, 2010 (i.e. PY 2010 "base" funds), and 2) funds available for obligation October 1, 2010 (i.e. FY 2011 "advance" funds). Together, these two portions comprise the complete PY 2010 WIA allotment. TEGL 19-09 announced WIA allotments based on this appropriation and alerted states to the recapture and re-allotment of funds' provisions, as required under WIA Section 132(c). Under this section of WIA, the Secretary of Labor is required to conduct re-allotment of excess unobligated WIA adult, youth, and dislocated worker formula funds based on state financial reports submitted at the end of the prior program year (i.e. PY 2009).

The procedures the Secretary uses for recapture and re-allotment of funds are described in the WIA regulations at 20 CFR 667.150. DOL will not recapture any PY 2010 funds for the adult and youth programs because there are not any cases where PY 2009 unobligated funds exceed the statutory requirements of 20 percent of state allotted funds. For the dislocated worker program, however, there were two states that had unobligated PY 2009 funds in excess of 20 percent. Therefore, a total of \$408,982 will be recaptured from PY 2010 funding from these two states and re-allotted to the remaining states, as required by WIA Section 132 (c). Arkansas' portion of this re-allotment is \$2,569.

Although neither WIA statutory language nor WIA regulatory language provide specific requirements by which a state must distribute federally recaptured and re-allotted funds, the State of Arkansas will distribute its portion of these funds according to the same methodology, and using the same allocation percentages, as used for our PY 2010 allotment and subsequent allocation to LWIAs.
