Strength in Partnerships

• Best Practices
  • The Take Action Tuesday Segments for Little Rock have been a success. These occur live on Facebook, every Tuesday and spotlights all LRWDB programs as a means of educating the community, encouraging enrollment, outreach, training sessions, and providing partnering resources.

• Together we can continue to enable Arkansas' workforce to compete in the global economy by linking a comprehensive array of services for employers and job seekers.
In the United States, there are over a million of individuals who do not hold a high school diploma and who do not have access to a decent job that pays a self-sustaining living wage. Michael Dunn was one of those individuals until 2021. After overcoming several obstacles that forced him to take time away from work, he was still unable to find employment. When he realized he could not meet the criteria for the jobs he had applied for because he did not have his GED Credential, he immediately contacted the University of Arkansas Community College at Morrilton Adult Education Center in Faulkner County and pursued his dream of earning his GED.

While attending classes on a regular basis at the University of Arkansas Community College at Morrilton Adult Education Center, Michael made several educational gains on his reading, math, and language assessments, completed all testing with passing scores, and in less than three (3) months, earned his GED on March 31, 2021.

As a partner in Workforce Delivery System, the University of Arkansas Community College of Morrilton Adult Education referred Michael to the WIOA Program at Arkansas Workforce Center in Conway. Coming into the Center as a Jobseeker, Michael was offered a position with Tru-Fab in Maumelle, Arkansas.

In the end, Michael achieved one of his most inspiring achievements, which is one milestone in his life that will open many doors for his future.

EMPLOYMENT SUCCESS OUR HOUSE –
DAUNTE BROWN

After spending his entire 20s in prison, Daunte Brown was released in February 2018. He was able to find employment as a dishwasher at Whole Hog Café at $9.75 per hour. Daunte heard about Our House in May 2018, and was excited about the possibility of improving his employment situation. He quickly became involved in our Career Center employment outcomes.

Through his work with Our House, Daunte applied for CDL School, and worked hard to graduate. Upon completion, he acquired employment with State Transport at $13.00 an hour, a 33% increase in income. Mr. Brown is now employed in a growing field and has a more stable financial future. Daunte is better equipped to support his long term education plans to finish his Associates degree.

Daunte says that, “his children are his motivation to be successful. His work with Our House stands as an example of how our clients can collaborate with our programs and with employers to achieve greater employment outcomes.”
