

HELP PUT AMERICA TO WORK AND EARN FEDERAL INCOME TAX CREDITS FOR HIRING VETERANS

WHAT IS THE WORK OPPORTUNITY TAX CREDIT?

The Work Opportunity Tax Credit (WOTC) is a federal tax credit available to employers who hire veterans and individuals from other eligible target groups with significant barriers to employment. Each year, employers claim over \$1 billion in tax credits under the WOTC program. The success and growth of this income tax credit for business is beneficial for all who participate, while increasing America's economic growth and productivity.

- WOTC can **reduce an employer's federal income tax liability** by as much as \$9,600 per veteran hired.
- **There is no limit** on the number of individuals an employer can hire to qualify to claim the tax credit.
- Certain **tax-exempt organizations can take advantage of WOTC** by receiving a credit against the employer's share of Social Security taxes.

Veterans are excellent job candidates as they are experienced and possess many desirable characteristics such as

- The ability to rapidly adapt and adopt new skills.
- A strong sense of personal integrity and accountability.
- Training in many occupational skills that can be invaluable in today's labor market.¹

Employees must work at least 120 hours in the first year of employment to receive the tax credit.
